

ELECTRODE WELDING KIT

ITEM: J7020

The kit is supplied in a box and complete with all accessories for electrode welding (MMA). The kit includes: Electrode holder with cable, ground clamp with cable, hammer brush and protective screen in compressed fiber complete with glass

Tech. Code		Ø Cavi mm²	Electrode holder cable m	Earth cable m	Ø Connettori mm	Dim. glass mm
J702016		16	3	2	9	75 x 98
J702025		25	4	3		

SAF-FRO ELECTRODE HOLDERS

ITEM: CAIMY

Straight-type with electrode-holder jaws, body and lever in fully isolated forged brass. The electrodes can be locked in any direction; recommended for light duty.

Tech. Code		Amparage 35%	Max. electrodes mm	Cable Ø mm²
J7210200425		200 A	3,2	25

ITEM: CAIMAN

Straight-type with electrode-holder jaws, body and lever in cast brass, insulating coating with thermosetting material. The electrodes can be locked in any direction.

Tech. Code		Amparage 35%	Max. electrodes mm	Cable Ø mm²
J7215200425		200 A	3,2	25
J7215300550		400 A	5	50

ITEM: SEGURA

Straight-type with electrode-holder hole, body and lever in cast brass, insulating coating with thermosetting material.

Tech. Code		Amparage 35%	Max. electrodes mm	Cable Ø mm²
J7220300425		300 A	4	35
J7220300550		400 A	5	50
J7220400670		600 A	6,3	70

GROUND CLAMPS

ITEM: J7310

Treated sheet steel body, brass clamp, braided copper shunt between contacts.

Tech. Code		Intermitt. ratio 35%	Intermitt. ratio 60% Ø mm	Cable Ø mm	Weight g
J7310250		250 A	200 A	25 - 35	215
J7310300		400 A	300 A	50 - 70	320
J7310500		500 A	400 A	70 - 95	560

GROUND CLAMPS SCREW TYPE

ITEM: J7315

Brass body, tilting contact, suitable for fixed positioning.

Tech. Code		Intermitt. ratio 35%	Intermitt. ratio 60%	Cable Ø mm²	Weight g
J7315400		400	300	35 - 50	360
J7315600		600	500	70 - 95	700

SLAG-STRIKING HAMMERS

ITEM: J7320

Steel head, iron handle and plastic-coated handle.

Tech. Code		Length mm	Weight g
J73201		315	250
